3D Systems Teams Up With CalComp Graphic Solutions

- Experienced Reseller Brings Leading
3D Content-To-Print Solutions to California -

ROCK HILL, South Carolina, September 19, 2011 – 3D Systems Corporation (NYSE:DDD) announced today that CalComp Graphic Solutions (“CalComp”), a recognized, well established California based value-added reseller of digital graphic products and solutions joined its growing reseller network. With a qualified team of experienced sales and service professionals, CalComp offers immediate local access to the entire lineup of [3D Systems’](#) personal and professional [3D printers](#) and services.

“We are very pleased to add CalComp, an experienced and capable reseller to our growing network of professional 3D content-to-print products and services providers,” said Michele Marchesan, Vice President and General Manager, Personal and Professional Printers, 3D Systems Corporation.

“3D Systems’ solutions are ideal for our Southern California customers and sets the benchmark for fine feature detail, higher resolution and the best functional prototypes,” sited Glen Chancellor, CalComp’s Sales Manager for Rapid Prototyping Products. “3D Systems’ technology delivers the truest representation of design intent in the 3D printing industry, period.”

About 3D Systems Corporation

3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, print materials and on-demand custom parts services for professionals and consumers alike. The company also provides creative content development, design productivity tools and curation services and downloads. Its expertly integrated solutions replace, displace and complement traditional methods and reduce the time and cost of designing new products by printing real parts directly from digital input. These solutions are used to rapidly design, communicate, prototype and produce functional parts, empowering its customers to create with confidence.
